

Updates to the Texas State Championships

In just a short 5 years the State Meet has grown from about 90 lifters to 300 lifters. The popularity of the event is so great that the State Meet sells out in a matter of hours. After every event we discuss what we can do to make the event bigger and better.

Most of our ideas required additional volunteers which has been the Achilles heel to expanding the event. Recently, a call between the north and south Texas LWCs and the State Meet committee took place to discuss the future of the State Meet. After an extremely positive conversation, there have been modifications to the State Meet and the qualifying events.

1. State Meet
 - a. 3 Day event starting Friday
 - b. Tiered registration
 - i. Registration will be based on obtaining a certain % of the qualifying total for a given division (Youth, Junior, Open, or Master) and weight class
 - ii. Tier 1
 1. Athletes with 90% or higher of their national championship qualifying total posted at a Texas State Championship Qualifying Event (TSCQE)
 2. Registration will open October 1
 - iii. Tier 2
 1. Athletes with 80% or higher of their national championships qualifying total posted at a TSCQE
 2. Registration will open October 14
 - iv. Tier 3
 1. Athletes with a posted total at a TSCQE
 2. Registration will open October 21
2. Volunteers
 - a. Each LWC will be responsible for staffing 1 platform with volunteers during the competition
3. TSCQE
 - a. 12 total TSCQE split up evenly between the north and south Texas LWCs
 - i. Each LWC will create an individual process to allocate TSCQEs
 - b. Totals must be posted at TSCQE to be eligible for the State Meet
 - i. Also needed for World Incentive payout

These changes have been agreed upon by the State Meet committee, South Texas LWC, and North Texas LWC and are effective beginning with the 2018 Texas State Championships.
