90	152	167	166	182.81
+90	160	176	166	182,73

Explanation of U20 Minimum Payout Totals

Sinclair totals were calculated using the 2013-2016 Sinclair formula and the 2017 Junior National Championships Qualifying totals for each weight class. Body weights of 90.1 and 105.1 was used for the + categories. The highest Sinclair was identified as the highest common denominator. Finding a Sinclair that would meet or beat the highest common denominator Sinclair then backed into the Pmt QTs.
