

Team Scoring for the Texas State Weightlifting Championships

At the Texas State Weightlifting Championships a club can contend for the best team per gender/division and best overall team per gender. Each team can submit 1 roster per gender and division. The divisions will be Youth (17U), Junior (20U), Open, Master (35+). Per USAW and IWF regulations, each roster may have a max of 8 men and 8 women. A lifter may be on multiple teams.

Scoring

The scoring for the divisional teams will be based on the point system adopted by the IWF. The teams will earn points based on the overall placement of each of the members on the roster against their weight class, and age if applicable. Any lifter that is on a roster for a division other than the division they compete will have their total will be added to the ranking of the category for the weight class they would have competed based on body weight. Note that the lifter will not be able to secure a placement in any additional categories (a lifter from the youth session may not officially place in another category).

Placement	Points	Placement	Points
1	28	14	12
2	25	15	11
3	23	16	10
4	22	17	9
5	21	18	8
6	20	19	7
7	19	20	6
8	18	21	5
9	17	22	4
10	16	23	3
11	15	24	2
12	14	25	1
13	13		

The rankings will be determined by summing up the points earned by each member of the team. The divisional team winners will be announced at the conclusion of the final session of that division.

Tie Breakers

The below will be used to break any ties:

1. Most number of 1st place winners
2. Most number of made lifts
3. Combined Sinclair

Examples/Scenarios

Assume this is the entire population of weight classes that weigh 48kg or less.

Lifter	Division	Class	Team	Total
Lifter A	Youth	44	Team A	100
Lifter B	Youth	48	Unattached	95
Lifter C	Junior	48	Unattached	101
Lifter D	Open	48	Unattached	101
Lifter E	Open	48	Unattached	105
Lifter F	Open	48	Team B	94

Results

Lifter A would receive the gold in the Youth 44kg class

Lifter B would receive the gold in the Youth 48kg class

Lifter C would receive the gold in the Junior 48kg class

Lifter D would receive the silver in the Open 48kg class

Lifter E would receive the gold in the Open 48kg class

Lifter F would receive the bronze in the Open 48kg class

The totals Lifter A, D, E, and F will be ranked against each other in the Open category to determine points for the team. Since Lifters B and C are not on the roster for an open team, their totals will not be included in the ranking.

The total for lifter A would have placed 3rd in the Open category. Team A will receive 23 points.

The total for Lifter F would have placed 4th in the Open category. Team B will receive 22 points.
